Chief Architect Product Feature Matrix

	Features	Chief Architect 9.0 Full	Chief Architect 9.0 Base	Chief Architect Home Edition Professional 5.0
	3D and Render Views			
4	Advanced, photo-realistic rendering using ray-tracing technology. Includes reflections and radiosity to produce the highest quality images possible	/		
1 2	Glass House View provides a fully translucent view of the interior and exterior simultaneously	√	no ✓	no no
	Doll House [™] View, a 3D view without the roof, provides a very effective overview tool for space			
3	planning to determine room size, traffic flow and furniture arrangement Produce high quality 3D Render Views of interior and exterior in full detail	1	<u> </u>	1
5	Control the display of items in all Views using "Show Items"	v	v	v
6	Place and edit objects directly in 3D and Render Views	√	<i></i>	no
7 8	Adjust Render settings for optimal processing speed and quality results Shadows are calculated from the sun and interior/exterior lighting for dramatic Render views	√ √	✓	√ √
9	Panoramic or Spherical backdrops in Render Views	·	, /	no
10	Assign materials to objects for realistic renderings	√,	√	√
11 12	Create VRML files for web-based virtual 3D walk-thru Create AVI movies of virtual 3D walk-thru	v ✓	no √	no no
	Cabinets / Fixtures / Furniture			A
	Fully customizable cabinets: backsplash, appliances, countertop, drawers, rail, doors, lazy susan,	,	,	
13	cutting boards, shelves, toe-kick, custom moldings, etc. Create base, wall, full height, and corner cabinets, as well as soffits, shelves, partitions, and	√	<u> </u>	✓
14	custom counter tops	✓	✓	✓
15	Place, edit and customize cabinets in Plan View and 3D views Detail cabinets and doors with hinges, handles, and pulls	<u> </u>	<u> </u>	not all 3D views
16 17	Moldings and millwork for cabinets	· · · · · · · · · · · · · · · · · · ·	v	no ✓
	Create cabinet groupings ("Architectural Blocks") and save these to the Library, such as an	✓		
18 19	entertainment center, kitchen island or entire room Cabinet Library, use Library items to create hundreds or thousands of combinations	√ 400+ items	no 35+ items	no 30+ items
20	Cabinet Hardware Library	V		no
21	Schedules for Cabinets, Fixtures and Furniture	✓	✓	no
22	CAD Tools / Blocks / Details Auto-Detailing fills in cross-section structural details		20	20
23	"Round-Trip DXF" Automatically generate CAD detail from any view	· · · · · · · · · · · · · · · · · · ·	no no	no no
24	CAD-to-Walls™ Convert CAD lines to walls	√,	√,	√
25 26	Convert CAD lines to railings, doors, and windows Convert CAD lines to terrain, roads, countertops, etc.	√	✓	no countertops only
26	Comprehensive CAD objects and editing tools: points, lines, polylines, splines, arcs, circles, ovals,			
27	boxes, arrows, etc. Select Same tool allowing similar objects to be selected at the same time	<u> </u>	<u> </u>	√ 20
28 29	Create 3D shapes using Polyline Solid tools	· · · · · · · · · · · · · · · · · · ·	no	no no
30	Load Properties tool allowing the application of object properties to other objects	✓	✓	no
31	Horizontal and Vertical 3D Polylines	√	no	no
32	Advanced polyline tools: Polyline Subtract, Polyline Union, Polyline Intersection, etc. Create and manage CAD Details and Blocks	√	<i>'</i>	no
33 34	CAD Detail Library; use Library items to create hundreds or thousands of combinations	1,000+ items	70+ items	no no
	Dimensions			
35	One click Automatic Dimensions	<u> </u>	~	~
36	Complete Dimension Tools: Automatic, Manual, End-to-End, Interior, Exterior, Angular, Point-to- Point, and Baseline Dimensions - all fully editable	✓	✓	no
37	Dimension to casing and rough opening	√	✓	✓
38 39	Fully editable extension lines, and configurable dimensioning editing Precisely relocate objects using dimensions	<u> </u>		no ✓
40	Metric and Imperial Dimensions	·	√	· /
	Custom Design Tools			
41	Build House Wizard™ provides a quick way to layout rooms that adjoin the project to illustrate how the completed project would look	√	√	√
42	Treate Symbol Wizard™ create customer symbols or import from manufacturers	, 	no	no
43	Create custom moldings	√,	V,	, , , , , , , , , , , , , , , , , , ,
44 45	Create custom ceilings Apply materials to objects in 3D views with the Material Painter™	<u> </u>	<u> </u>	√ no
46	Window Treatments:			
47	Curtains, height off floor, height above casing Blinds, fit inside casing. Use cord or wand to make blinds in up position	<u> </u>	<u> </u>	no no
48 49	Blinds, it inside casing. Use cord or wand to make blinds in up position Capitals, placed above top of casing set height and width	· · · · · · · · · · · · · · · · · · ·	· · · · · · · · · · · · · · · · · · ·	no no
50	Exterior Sill, placed below bottom casing/sill, set height and width	Ý ,	V ,	no
51 52	Floor coverings, finishes and under layers Complete fireplace tools: masonry, freestanding, corner, metal, prefabricated, etc.	√ √	✓ ✓	no under layers ✓
	Doors / Windows			
53	Customize Door styles: interior, exterior, sliding, pocket, bi-fold, garage, etc.	√	√	√
	Customize Window styles: interior, exterior, single/double hung, sliding, casement, corner, recessed, bay, box, etc.	1	/	_
54 55	Library Doors have interior and exterior material settings	,	· ·	no
56	Skylights with customized properties	√	7	√ 20
57 58	Blockable Doors and Windows for reuse in Library Custom Muntins	✓ ✓	√	no no
59	Window Treatments: Curtains, Blinds, exterior trim, etc.	√,	√,	√
60	Complete Door and Window Schedules	√	✓	no
61	Door and Window Library, use Library items to create hundreds or thousands of combinations	750+ items	35+ items	30+ items
62	Door Hardware Library - Hinges, Handles and Locks	√	√	√
